Companies compete within one of four divisions based on total number of employees (full-time and part-time) in the Louisville MSA. Spouses and significant others are welcome to participate. The Corporate Games are designed so that companies can be competitive with as few as 15 participants, or with as many as 100 participants to share in the fun. Companies are encouraged to designate a team captain to work with employees and Sports Commission staff. We provide detailed information, a contact person to field questions and personal assistance with tips on how to field a team.

There are 19 different competitions, divided into Bracketed and Non-Bracketed events. (A full set of competition rules and scoring charts is available on the website.) Some events produce points through accuracy and participation; other events match up company teams in bracketed play and reward the top finishers. Teams can earn additional points by participating in the Good Sport Activities. Those who want more action or to get moving in a non-competitive environment can try their skills at the ProFormance Pro Football Combine Simulator.
